FROM THE PRINCIPAL'S DESK

From Vision to Victory

It gives me immense pleasure to present the latest edition of our school e-magazine, "A Legacy of Excellence", a celebration of the journey, achievements and aspirations of Krypton Public School, Moradabad.

Education, in its truest sense, is not merely about academic accomplishment; it is about nurturing confident minds, compassionate hearts, resilient spirits and responsible citizens. At Krypton, we endeavour to create an environment where every learner is encouraged to discover potential, embrace challenges and transform possibilities into accomplishments.

The year gone by has been a remarkable chapter in our journey. The numerous awards, accolades, recognitions and achievements showcased in these pages are a matter of immense pride for the entire Krypton family. Yet, beyond every trophy and certificate lies a story of perseverance, discipline, teamwork and unwavering commitment. Each distinction reflects the collective efforts of our students, teachers, parents and the school community. Our accomplishments reaffirm our belief that excellence is not a destination; it is a continuous pursuit. We celebrate our milestones not merely to look back with pride, but to inspire ourselves to set newer benchmarks.

I commend our students for their enthusiasm, curiosity and determination; our teachers for their dedication and innovation; and our parents for their constant encouragement and partnership. May every achievement recorded here become a stepping stone towards greater dreams, deeper learning and nobler purposes.

Let us continue to learn, lead, innovate and inspire.

With my best wishes for a future filled with greater possibilities and even greater achievements.

FROM THE EDITORIAL BOARD

Celebrating the Journey, Capturing the Spirit

A school is more than a campus, a curriculum or a calendar of events. It is a living tapestry woven with dreams, discoveries, friendships, challenges, achievements and countless moments of growth.

"A Legacy of Excellence" is our humble attempt to capture that vibrant tapestry.

This edition brings together the moments that made us pause with pride, the awards that placed Krypton on the map, the achievements that celebrated individual brilliance, the collective triumphs that strengthened our spirit and the everyday efforts that often remain unseen but form the foundation of every success. As you turn these pages, you will encounter more than trophies and accolades. You will discover stories of determination behind every medal, teamwork behind every victory, creativity behind every performance and mentorship behind every accomplishment. For us, excellence is not defined only by winning. It is reflected in the courage to participate, the willingness to learn, the resilience to rise after setbacks and the humility to celebrate the success of others. This magazine therefore celebrates the journey as much as the destination.

We extend our heartfelt gratitude to our Principal, teachers, students, parents and every member of the Krypton family whose contribution has enriched this remarkable journey.

May these pages preserve our cherished memories, celebrate our present accomplishments and inspire us to dream even bigger for tomorrow.

The story of Krypton continues—and the best is yet to come.

FROM THE HEAD BOY

Leading with Purpose

Being the Head Boy of Krypton Public School is not merely a position responsibility; it is a privilege and a commitment to represent the values, aspirations and spirit of the entire student community.

As I look through the achievements celebrated in this edition, I feel immense pride in being a part of an institution where students are encouraged not only to excel but also to explore, innovate, collaborate and lead. Every award and accolade is a reminder that success is built through discipline, perseverance and teamwork. Behind every achievement is a student who dared to dream, a teacher who guided, a parent who supported and a school that provided the opportunity to grow. Leadership, I believe, is not about being ahead of others; it is about walking together, taking responsibility and creating opportunities for others to shine.

I am grateful to our Principal and teachers for constantly inspiring us to become better learners and better human beings.

School in the Media: Making Headlines, Creating Milestones!

संस्कारशाला

बातें हमारे डिजिटल आचरण की

दैनिक जागरण

तकनीक का उपयोग उद्देश्यपूर्वक व संतुलित ढंग से करें

आज की डिजिटल दुनिया में हमारी दिनचर्या का एक बड़ा हिस्सा मोबाइल, इंटरनेट और इंटरनेट मीडिया से जुड़ गया है। हर डिजिटल यात्रा किसी उद्देश्य से शुरू हो सकती है-कुछ सीखने, सृजन करने, जानकारी खोजने या दूसरों से जुड़ने के लिए। लेकिन समस्या तब शुरू होती है, जब उद्देश्य पूरा होने के बाद भी हम बिना किसी लक्ष्य के स्क्रीन पर बने रहते हैं। इंटरनेट मीडिया की लगातार बदलती सामग्री, छोटे-छोटे वीडियो और आकर्षक सूचनाएं हमारा ध्यान बार-बार अपनी ओर खींचती हैं। हम केवल पांच मिनट के लिए फोन उठाते हैं, लेकिन देखते-देखते आधा घंटा या उससे अधिक समय बीत जाता है।

क्रिप्टन पब्लिक स्कूल के प्रिंसिपल डा. सीबी जदली • सौ.स्वयं

यह केवल समय की हानि नहीं है बल्कि इससे हमारी एकाग्रता, चिंतन क्षमता और मानसिक शांति भी प्रभावित होती है। हमारा मस्तिष्क लगातार नई सूचनाओं का उपभोक्ता बन जाता है, जबकि गहराई से सोचने और कुछ नया रचने के लिए आवश्यक शांत समय कम होता जाता है।

उद्देश्य - डिजिटल विहेवीयर

डिजिटल तकनीक स्वयं समस्या नहीं है। वास्तविक चुनौती है- डिजिटल विवेक, अर्थात तकनीक का उपयोग उद्देश्यपूर्वक और संतुलित ढंग से करना। हमें स्वयं से पूछना चाहिए-मैं यह स्क्रीन क्यों देख रहा हूं? क्या मैं कुछ सीख रहा हूं बना रहा हूं खोज रहा हूं या किसी सार्थक व्यक्ति से जुड़ रहा हूं? यदि उत्तर 'नहीं' है, तो शायद स्क्रीन से दूर होने का समय आ गया है।

डिजिटल विवेक का अर्थ तकनीक से दूरी बनाना नहीं, बल्कि उसके साथ स्वस्थ संबंध बनाना है। हम स्क्रीन-टाइम की सीमा तय कर सकते हैं, अनावश्यक नोटिफिकेशन बंद कर सकते हैं और दिन में कुछ समय पूरी तरह डिजिटल-मुक्त रख सकते हैं। बच्चों और युवाओं के लिए यह आदत और भी महत्वपूर्ण है, क्योंकि उनका व्यक्तित्व और चिंतन अभी विकसित हो रहा है। अंततः तकनीक हमारे समय की स्वामिनी नहीं, हमारी साधन होनी चाहिए। हर डिजिटल यात्रा का एक उद्देश्य हो और उद्देश्य पूरा होने पर यात्रा समाप्त करने का विवेक भी। यही डिजिटल विवेक है - तकनीक का उपयोग करना, लेकिन तकनीक को अपने समय, ध्यान और जीवन पर नियंत्रण न करने देना।
